Akbari Pistachio

The Super Long. A Signature of Iranian Pistachios.

Akbari is one of the most prestigious varieties of Iranian pistachios, distinguished by its exceptionally elongated shape, large size, elegant appearance, and rich, authentic flavor. Known internationally as the "Super Long Pistachio," it is particularly valued in premium markets for its impressive presentation and distinctive character.

Akbari Pistachios are commonly graded by ounce count, including 18/20, 20/22, 22/24, and 24/26. A lower ounce count indicates a larger nut, with 18/20 and 20/22 representing some of the most sought-after premium sizes.

Ideal for premium snacking, luxury gift boxes, confectionery, desserts, ice cream, chocolate, and high-end culinary applications, Akbari brings together exceptional appearance and authentic Iranian pistachio flavor.

Large in size. Elegant in appearance. Rich in character.

Ahmad Aghaei Pistachio

Elegant in Form. Distinctive in Character.

Ahmad Aghaei is one of Iran's most distinctive long pistachio varieties, recognized for its elongated shape, bright ivory-colored shell, vibrant green kernel, and rich, pleasant flavor. Its elegant appearance and consistent quality have made it particularly popular in international markets.

Available in a range of commercial sizes, including 22/24, 24/26, 26/28, 28/30, and 30/32, the ounce count indicates the approximate number of pistachios per ounce, with a lower count representing a larger nut.

With its attractive appearance and satisfying taste, Ahmad Aghaei is an excellent choice for roasted and salted snacks, premium retail packs, gift assortments, confectionery, desserts, ice cream, and culinary applications.

Bright in appearance. Rich in flavor. Distinctly Iranian.

Akbari Pistachio Kernel

Long. Rich. Distinctively Iranian.

Akbari Pistachio Kernel is a premium Iranian pistachio kernel, valued for its distinctively elongated shape, generous size, vibrant green color, and rich, authentic pistachio flavor.

Its elegant appearance and intense natural taste make it an excellent choice for premium confectionery, chocolate, pastries, desserts, ice cream, gelato, pistachio creams, and high-end culinary applications.

Carefully selected for quality and appearance, Akbari kernels bring the distinctive character of Iranian pistachios to premium food products.

Exceptional Shape. Rich Flavor. Premium Character.

Raw Pistachio Kernel

Nature's Green. The Essence of Pistachio.

Raw Pistachio Kernel is a distinctive expression of the natural character of Iranian pistachios. Recognized for its remarkable olive-green color, captivating aroma, and intense authentic pistachio flavor, it is a premium ingredient for discerning food manufacturers and confectionery artisans.

Available in various grades and color percentages, including 90%, our Raw Pistachio Kernels are carefully selected to meet diverse quality and application requirements. Their naturally vivid green appearance adds an elegant visual character to finished products, while their pronounced aroma and rich flavor deliver the unmistakable essence of pistachio.

Highly valued in the confectionery, pastry, bakery, and ice cream industries, Raw Pistachio Kernel is widely used in the preparation of Turkish sweets, premium pastries, pistachio creams, traditional desserts, ice cream, and Italian-style gelato.

From the first visual impression to the final taste, Raw Pistachio Kernel brings together natural color, exceptional aroma, and authentic flavor—making it an ideal ingredient for products where quality, character, and distinction matter.
